

ANANT GUPTA

Address: New Delhi, Delhi | **Portfolio:** [click](#) | **Contact:** 8882438762 | **Email:** anantgupta08460@gmail.com

EDUCATION:

- **Bachelor in Computer Applications (Specialisation: Data Science and Machine Learning)**
 - Maharaja Surajmal Institute, GGSIPU, New Delhi, Delhi
 - November 2021- June 2024

SKILLS:

- **Technical skills:** Python(Numpy, Pandas, Matplotlib, Seaborn, Plotly, scipy, Scikit-Learn, Tensorflow), MySQL, Git/Github, MS Office, Tableau
- **Special Skills:** Data Preprocessing, Feature Engineering, Machine Learning, Deep Learning, Data analysis, Data Visualisation, Time Series Analysis, Databases, Metrics/KPIs
- **Soft Skills:** Analytical Thinking, Problem-Solving, Attention to Detail, Effective Communication, Team Collaboration, Eagerness to Learn, Adaptability

PROJECTS:

- **Smart Attendance management app**— Developed an app that registers and fills student attendance smartly through face detection and recognition using advanced computer vision algorithms such as LBPH and HAAR cascade in Python. Automates 76% human effort.
- **Anidex**— Animal Image classifier that classifies images of 90 different species of Terrestrial and aquatic animals made using Conv-nets in Python.
- **Financial Fraud Detection**— Investigated irregularities in financial transactions using historical data using Random forests algorithm in Python. Achieved ~99% accuracy in pattern identification
- **Tesla stock price analysis** — Performed time series analysis and forecasting on Tesla stock price dataset using SARIMA and created an interactive dashboard.
- **Tech Layoffs EDA** — Cleaned and Analysed Tech-Layoffs data of previous years by querying in a relation database using MySQL

INTERNSHIP EXPERIENCE

- **ICT Academy**, Data Science Intern, September 2023- October 2023
 - Created a user based recommender system for a website
 - Developed a sentiment analysis feature using NLP.
 - Increased customer loyalty by 12.5%
- **Tech-A-Intern**, Data Science Intern, June 2023- August 2023
 - Created a clean and interactive dashboard of movie data
 - Performed regression Analysis of housing data to predict housing prices.

CERTIFICATIONS

- Elite certificate, Intro to Machine Learning Course, IIT Kharagpur, issued by NPTEL
- Python(Basic), issued by Hacker Rank
- SQL (Advanced), issued by HackerRank.
- Silver Medal, 6th SOF international English Olympiad
- SQL (Intermediate), issued by HackerRank.
